

[www.rehcpas.com](http://www.rehcpas.com)

Hello everyone, I hope you are doing well.

It was announced today that the tax deadline to file has been officially moved from April 15th to July 15th. This includes an extension of time to pay income taxes, and your first quarter estimates.

NCDOR has announced that they will mirror the Federal as it pertains to tax payments not being due until July 15th. As of now we have not received word that North Carolina has moved the filing deadline to be July 15th, but we expect they will follow suit.

Although the deadline has been moved we encourage everyone to file as soon as possible especially if you are due a refund.

As far as as REH is concerned, we are still fully operational and ready to assist with your tax preparation needs.

Please remember that we have many options that do not require you to come into the office to have your returns prepared. Please contact Lynn Stenson if you need help getting us your return information at 704-662-8249 ext. 1029 or email [Lstenson@rehcpas.com](mailto:Lstenson@rehcpas.com).

Thank you and stay safe!

Thank you!
